Hiro Hotta, Director APTLD
Who are we?

• APTLD (Asia Pacific Top Level Domain Association) is the organization for ccTLD (country-code Top Level Domain) operators in the Asia Pacific region.

What do we do?

• To promote and participate in the development of best practices for ccTLD registries for the benefits of its members and the Internet.

• To be the voice for ccTLDs in the AP region on issues related to policy and technology developments in the global arena.
What do we do? (cont’d)

• APTLD will achieve its objectives through consensus building, coordination and collaboration; respecting cultural and historical variations amongst the ccTLDs and their local Internet communities.

• APTLD is based on membership, and its activities are funded by membership fees.
